Subject: Presenting EPA intern findings to Task Force

Chris, Kara:

I noticed that, on the Task Force's "Proposed Agendas" page, there's a line on the agenda for the June 27th meeting that says "EPA intern report on inadvertent PCBs." I'm guessing that was placed on the proposed agenda a while ago, because we knew that the internship would end at the end of the 2017-2018 academic year.

However, Michelle Mullin, who supervised the intern, will be out of town that week, so we should postpone that topic. Michelle says she is available for either the July 25th or August 22nd full group meetings.

Thanks,

Brian Nickel, E.I.T.
